Thanks Kristin. We'll consider these in making any further edits to this appendix. It was nice to meet you, too.

Kristine and Elizabeth,

It was a pleasure meeting you both yesterday at the TCT meeting. It is clear that you both have been working very hard on this project, and I really appreciate your dedication to achieving the best cleanup possible with so many obstacles to maneuver. I am aware that working with so many interests (cooks in the kitchen?) requires more patience than anything else, and you seem to be extraordinarily responsive while keeping the process on track.

Thank you again for addressing the comments submitted by Yakama Nation on the body of FS Section 2. I apologize if there was any mishap in transmitting comments on the appendices; please see attached for Bob's input on Appendix A-2 (now B-2) and let me know if you have any questions.

Thank you,
Kristin
